On behalf of the International Agri-Center[®] and the AgVentures![®] Learning Center, we thank our dedicated sponsors and participants for your continued support and dedication to this event.

Jerry Sinift
Chief Executive Officer
International Agri-Center[®]

The Annual AgVentures![®] Golf Tournament will be held on Friday, October 27, 2023. By joining us, you will help support a learning environment that benefits local schools, our youth, and the community. Funds raised through the AgVentures[®] Golf Tournament will benefit the AgVentures![®] Learning Center and Museum at International Agri-Center[®].

What is AgVentures![®]

AgVentures![®] Learning Center is the place you come to discover the role agriculture plays in our lives. Through exploring the interactive, hands-on exhibits, guests learn what it takes to produce the food and fiber we use every day.

As an organization that promotes the importance of agriculture education, we are thrilled to continue welcoming youth to AgVentures![®]. The Learning Center played host to nearly 1000 students during the 2022 - 23 school year.

AgVentures![®] Mission

AgVentures![®] Learning Center was created to enlighten visitors on the vital role agriculture plays in our society by communicating the link between agriculture, people, and the environment.
